2020 Brentwood Town and School Meeting Moderator's Rules

By state law, the moderator sets the rules of the meeting. (RSA 40:4)

We will be using the moderators rules – not Robert's Rules or any other complex parliamentary rules. The goal is a fair, uncomplicated, focused and understandable process.

As with all public meetings, audio and/or video recordings are specifically allowed.

To be discussed, the issue or article must be on the warrant, be moved and seconded. To participate in the discussion, you must be a registered voter in Brentwood, have checked in with the checklist supervisors, and have a voting card. Non-resident attendees may not speak at the meeting without permission of the voters present except the moderator will allow non-resident school or town officials and consultants or experts who are present to provide information about an article or issue to speak.

I will read each warrant article as it appears in the warrant and will ask the involved board or petitioner for a motion and second to place it on the floor of the meeting for discussion, debate and/or amending.

I will then ask the appropriate board and budget committee, or petitioner, as appropriate to speak first to the article.

Then the article will be open to the floor for your discussion, questions, comments, and/or amendments.

All amendments must be given to the town or school district clerk in writing. This insures that we have your amendment exactly as you intend. Negative motions will not be accepted.

Amendments to amendments being debated will not be allowed. If you wish to further amend an article, you must do so after the prior amendment has been dealt with.

All discussion and questions will be to and through the moderator, this includes eye contact! Passionate debate is welcomed and expected; however, you are expected to be able to disagree without being disagreeable.

You are entitled to an answer to your question and one of my tasks is to direct your question to someone who can answer it. However, there is no requirement that you like or agree with the answer.

To be recognized to speak, please go to the floor microphone. You are then recognized in that order.

Please state your name and address for the record (we may know you, but the recorder probably does not) and contain your discussion to one question or statement.

Please contain your discussion and questions to the motion that is under discussion.

If you have more than one point or question, please step back to allow others to speak. You may speak again after others have had their opportunity. To allow everyone the opportunity to speak I will ask that you keep it within a three minute limit for each time you are recognized.

Motions to close debate or move the question will only be accepted by the moderator after everyone who wishes to speak has had at least one opportunity and must be made from the floor microphone.

Motions to table an article will only be accepted or recognized by the moderator if the motion is made by the article's sponsor.

If you have a question of the moderator regarding the rules of conduct of the meeting or if you disagree procedurally, you absolutely may ask at any time (point of order). This does not require your going to the floor microphone, but you must state your name and your question or issue.

You may also by law move to overrule the moderator if you feel that the moderator's ruling is clearly erroneous, requires a second and majority vote. (RSA 40:4)

Reconsideration or restricting reconsideration:

You may vote after each article to restrict reconsideration of the vote or votes taken. This protects the action taken from being undone or changed later in the meeting and this vote may not be reconsidered at this meeting. (RSA 40:1)

Handouts and video presentations may be allowed, but must be reviewed and approved by the moderator, clearly identify the originator and information sources. Video presentations should not exceed five minutes and presenters must provide their own equipment.

*Doug Cowie, School Meeting Moderator and
Richard "Dick" Chamberlain, Town Meeting Moderator*

Article 15 Carbon Cash-Back – Petition WA

We the town of Brentwood hereby call upon our State and Federal elected representatives to enact carbon-pricing legislation to protect New Hampshire from the costs and environmental risks of continued climate inaction. To protect households, we support a Carbon Fee and Dividend approach that charges fossil fuel producers for their carbon pollution and rebates the money collected to all residents on an equal basis. Enacting a Carbon Cash-Back program decreases long-term fossil-fuel dependence, aids in the economic transition for energy consumers, and keeps local energy dollars in New Hampshire's economy. Carbon Cash-Back has been championed by US economists (Jan 17, 2019 WSJ) as the most cost effective and fair way to deliver rapid reductions in harmful carbon emissions at the scale required for our safety.

We expect our representatives to lead in this critical moment for the health and well-being of our citizens and for the protection of New Hampshire's natural resources upon which we all rely.

The record of the vote approving this article shall be transmitted by written notice to our town's State Legislators, to the Governor of New Hampshire, to our town's Congressional Delegation, and to the President of the United States, informing them of the instructions from their constituents, by our town's Select Board, within 30 days of this vote.

Article 16 Brentwood Newsletter – Petition WA

- Contributed material intended to express an opinion or point of view shall be in the form of a letter or narrative statement, clearly attributed to the individual, group, or organization expressing that view, and limited to 500 words or less.
- Narrative or opinion developed by the editorial staff of the BNL shall be attributed either to an individual Editor or identified as an Editorial.
- Contributed content that contains copyrighted material without attribution, or contains offensive content and/or personal attacks shall be rejected.
- Brentwood residents or organizations submitting material which is rejected for publication shall receive a response from the Editor, prior to publication, stating the reason for the material being rejected.
- Any errors, or content that unintentionally violates these standards in published issues of the BNL, shall be prominently acknowledged and, where possible, corrected by the editorial staff in the subsequent BNL publication following notification to the Editor. QUESTION 1:

Are you in favor of the adoption of Amendment number 1 as proposed by the Planning Board for the Town of Brentwood zoning ordinance as follows:

Amend the Cluster Development Ordinance by adding **(100)** and add the section starting with, **In instances**...to section 3 of 300.002.007.005 to reflect the ability for the PB to have flexibility in reviewing cluster residential designs.

Section 300.002.007.005, A 3 to read: No construction shall be permitted within the buffer zone, other than a primary access road which shall be allowed to cross the buffer zone at the point of access to the pre-existing Class V or better road servicing the development. Along both sides of this primary access road reserve strips of twenty-five (25) feet must be maintained for the first one hundred **(100)** feet of said primary access road. **In instances where the proposed cluster residential development incorporates a design that includes several access points to the abutting Class V road these may be approved by the planning board if the board determines that the neighborhood and proposal are best served by this alternate plan for access. Related drainage and storm water management treatment devices may be constructed within the mandatory buffer area.**

Yes No

QUESTION 2:

Are you in favor of the adoption of Amendment number 2 as proposed by the Planning Board for the Town of Brentwood zoning ordinance as follows:

No accessory dwelling unit shall have less than 525 square feet of living space. This allowance is less than the Town's standard dwelling unit size of 720 square feet because the accessory unit is not a stand-alone dwelling unit but instead a secondary unit to the primary residence. **Any structural addition to the primary residence constructed for the purpose of adding an accessory dwelling unit must be enclosed finished space.** (3/2009).

900.004.004.004 The accessory dwelling unit ~~apartment~~ shall be designed so that the appearance of the building remains that of a one-family dwelling. An interior door shall be provided between the principal dwelling unit and the accessory dwelling unit, this door need not remain unlocked.

Budget Committee Update 2019-2020 Budget Recommendations

Following last year's budget season, a policies and procedures subcommittee was formed to give recommendations. The committee was chaired by Kris Magnuson and comprised of members of the Select Board, Budget Committee and community at large.

The 2019/2020 Budget season began with incorporating some of the recommendations made by the policies and procedures subcommittee. The recommendations centered around greater collaboration between the Select Board, School Board and Budget Committee. Recommendations also focused on meeting earlier in the season, requesting department heads complete their budgets earlier in the year, looking at total compensation and reviewing expenditures more frequently.

The Brentwood Budget Committee met on 12 different occasions to consider the Brentwood Town Operating Budget (OB), Town Warrant Articles, the Swasey School OB and School Warrant Articles (WA).

In addition to the summaries below, I have also included a grid summarizing the tax impact from Town and Swasey School OBs and WAs. The tax impact represents the increase or decrease in taxes compared to last year's approved budgets. Expected and unexpected revenues may offset some of these expenses, however, those figures are unknown at this time. Please note that these numbers do not include the ERCSD budget figures which also have a tax impact for Brentwood.

TOWN: Currently both the Budget Committee and Board of Selectmen recommend a Town OB of \$4,139,448 an increase of \$145,408 (3.64%) over FY2019. Much of this increase is due to changes in rising healthcare insurance and NH retirement costs and general insurance costs.

A number of Town WAs will be put to vote at the Town Meeting on **Saturday, March 14th**. They include items such as funding existing

and new capital reserve funds, a conservation easement and various repair and renovation requests. The total appropriations recommended by the Budget Committee for WAs (excluding the Town OB) are \$752,000 (a \$45,745 decrease, for a -0.08/\$1000) from last year. The Selectmen recommend \$807,000 (\$777,000 through raising and appropriation, \$30,000 from unassigned fund balance (a \$19,545 decrease for a -0.03/\$1000 tax impact).

SWASEY SCHOOL: The Swasey School Board put forward four warrant articles with financial implications to the Budget Committee.

The School Board presented an OB of \$5,955,301. This represents a \$211,082 (3.67%) increase over the approved FY19/20budget. This will have a tax impact of 0.36/\$1000. The Budget Committee recommended the School Board's proposed budget.

Warrant Article #2 funds the Safety and Security Trust Fund with \$10,000 from the FY19/20 unreserved fund balance. This Trust Fund supports measures to increase the safety and security of Swasey. Warrant Article #3 funds the School Maintenance Fund with \$20,000 from the FY19/20 unreserved fund balance. Warrant Article #4 funds the Special Education Trust Fund with \$10,000 from the FY19/20 unreserved fund balance. The Budget Committee recommended all 3 warrant articles.

Meeting and voting dates for this year are: **Brentwood School District Meeting, Friday, March 6, 6:30 pm** at Swasey Central School; **Voting at the polls, Tuesday, March 10, 7:00 am-7:00 pm** at the Recreation Center; and Town Meeting, **Saturday, March 14, beginning at 9:00 am** at Swasey Central School.
